SUMMARY

Highly motivated and dedicated student with a passion to exploring new things and enhance my knowledge and skills, apply them effectively.

WORK EXPERIENCE

Intern

May, 2025 – June, 2025

Technical Hub Pvt Ltd

Surampalem, India

- Worked with technology **DATA SPECIALIST**
- Achieved growth on Excel charts, pivot tables for data analysis, created and managed SharePoint lists and Sites, built cloud flows using Power Automate, Integrated Excel, SharePoint, And Automation Tools

TECHNICAL SKILLS

Programming	Python, Java, C
Web	HTML, CSS
Database	SQL
Data Tools	Excel, Power BI, SharePoint, Power Automate, PowerApps
Machine Learning	Supervised & Unsupervised Learning Algorithms
Cloud	AWS, Snowflake

PROJECTS

Smart Task Tracker with Automated Email Alerts

June,2025 -June,2025

Tools: **Microsoft SharePoint, Power Automate, MS Excel**

Developed a smart task tracking solution integrated with automated email notifications and a dynamic Excel based dashboard. Tasks were managed using SharePoint, while Excel was used for both data handling and dashboard creation. Power Automate flows triggered real-time email alerts to ensure deadlines were met and task progress was tracked efficiently.
